

OCTOBER 2020 NUMBERS AT A GLANCE

MEET KAREN

Due to unforeseen circumstances, Karen has been living in her car for about nine months. She was one of the first guests to use SHARE Community's brand-new shower unit. Through our partnership with White Pony Express, our guests are able to choose new/like-new clothing along with their shower. Once Karen had access to consistent hygiene, she was able to schedule job interviews on days following shower services. Karen is excited to report that she landed the job!!

"Being clean and having a nice outfit really helped my confidence. I looked and felt good, which helped me do well in my interview. I'm excited to see what God will do next!"

66 SHOWERS PROVIDED

Since the launch of Oasis on September 29th, 2020, we have been able to provide 66 showers, complete with all necessary hygiene, clothing and sometimes haircuts!

425 SUPPLIES DISTRIBUTED

Through our Adopt-a-Senior and Adopt-a-Block Programs, we were able to provide over 425 much need items to the community. We supply diapers, medical and incontinence supplies.

507 GALLONS OF TRASH

Since our Adopt-a-Block Program launched in September 2019, we have collected 4,311 gallons of trash from the Sycamore area in Antioch- 507 of those gallons in October alone.

STRATEGIC PARTNERSHIPS

Developing strategic partnerships with White Pony Express, Contra Costa County's CORE Team, local barbers, Churches, housing programs and others have been instrumental in providing for our guest's unique needs.
